# SUPERPLAY

Play yourself healthy. The SUPERPLAY platform beams you into new dimensions of workout. It gives you motivation and fun. It lets you explore worlds beyond the edges of reality. Without noticing you are actually doing sports, you cycle mile by mile. SUPERPLAY is ready to go. Using the latest virtual reality technology and high end computing you get access to multiple applications and games such as FreeDriver, the first VR-Fitness game.

FreeDriver will amaze you with high end graphics and cloud connection. You will never have to workout alone again. Or you can use the 360° video app to view virtual reality videos captured from the community! SUPERPLAY will make your workout always entertaining!

# CUSTOMIZE

# HIGH-END

SUPERPLAY is a system designed for high-end computing power! It flawlessly runs games and amazes you with breathtaking visuals. The front panel can be customized. Our team of designers will be happy to assist you to stand out!
